

INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE

In collaboration with the Teton County Sheriff's Office and Family Safety Network, the International Association of Chiefs of Police (IACP) will host:

TRAUMA INFORMED SEXUAL ASSAULT INVESTIGATION TRAINING

The goal of this training is to strengthen the capacity of law enforcement to provide effective response to victims of sexual assault.

At present, crimes of sexual assault are vastly under reported and perpetrators continue undetected. This training aims to equip law enforcement to understand the complexities of adult sexual assault by presenting information centered on the neurobiological impact of trauma, the influence of societal myths and stereotypes regarding victim response and perpetrator behavior, and effective methods for conducting sexual assault investigations.
