

DOMESTIC VIOLENCE RESOURCES IN IDAHO

General Resource Information

The resources available in Idaho for information related to domestic violence, sexual assault, and places of safety and shelters are included on this handout. Shelters provide food, shelter, clothing, and referral services in a supportive atmosphere. Safe homes provide similar services with a volunteer family in the community. In some areas of Idaho, motels provide emergency housing and those with longer shelter needs are referred to nearby shelters.

Emergency medical help is available from your local doctor, hospital, or clinic. Many areas now offer specially trained Sexual Assault Nurse or Forensic Examiners (SANE or SAFE nurses).

Civil Protection Orders

In domestic violence situations, you may seek a civil protection order. You can contact any of the Idaho programs and ask for assistance and information about protection orders. There are advocates who can help you and there is no charge for assistance.

A Civil Protection Order Can:

- Stop the person from harming you and/or your children
- Stop the person who has been hurting you from entering your home, school, or where you work
- Require the person who hurt you to get help with counseling
- Require the abuser to leave the household
- Keep the children in your care

Criminal No-Contact Orders

If someone has hurt you and is arrested, he or she may be issued a criminal *No Contact Order* as a condition of their release from jail. This can order the abuser to stay away from you, your home, your workplace, or your school and stop contacting you. You can contact any of the Idaho programs listed in this brochure and ask for information about no contact orders. There are advocates who can help you and there is no charge for assistance.

Victim Compensation

You may be eligible for reimbursement for related medical and counseling expenses incurred. Costs of sexual assault forensic exams should also be covered.

Call (800) 950-2110 for further information.
