

Changing the Language on an ICDV-Provided Tablet for the Victim Survey

Setting up the tablet for the first time:

1. Turn on tablet
2. Select language you want from the drop down list

Changing the language on an already set up tablet

1. Unlock tablet
2. Go to "Settings"
3. Scroll down to "General Management"
4. Select "Language"
5. Select "add language"
 - a. The language at the top of the list will be used by default.
 - b. When you scan the QR Code for the victim survey, it may open a pop up on the bottom of the webpage asking you to indicate which language you want. Select from the list you added in Step 5.
