I. GRANT ANNOUNCEMENT

A. FUNDING OPPORTUNITY DESCRIPTION

1. Purpose

As the State Administering Agency for the Victims of Crime Act (VOCA), the Family Violence Prevention and Safety Act (FVPSA), and the State of Idaho Domestic Violence Project Account (DV Account) funds, the Idaho Council on Domestic Violence and Victim Assistance (ICDVVA) provides financial and programmatic management of your VOCA, FVPSA, and DV Account subawards. ICDVVA produces Requests for Proposals (RFPs) each year, collects and reviews applications, and makes award recommendations to the governing Council. Upon the Council's approval, ICDVVA is also responsible for opening and closing each subaward in accordance with federal guidelines. To ensure continuity of funds and victim service provision, the stages in the process overlap with each grant year. Usually, applications are collected, reviewed, and approved from February–May so that awards can be issued and activated when the state of Idaho fiscal year begins, July 1st.

Applicants may apply for one, two, or all three funding streams, depending on eligibility.

2. Expectations

ICDVVA requires programs to use funding to address the immediate health and safety of crime victims. Examples of services include (but are not limited to) crisis intervention, crisis hotlines, shelters, advocacy, and emergency services that are intended to restore the victim's sense of security.

Applicants are expected to:

- Meet requirements and adhere to policies specified by ICDVVA
- Use funds to provide or improve services to victims of crimes
- **Collaborate** within the community to provide victim services, including collaborating with other victim service programs, law enforcement, healthcare, and the criminal justice system.
- **Participate in Quarterly Data Collection.** All subgrantees are required to collect and report program required data quarterly to ICDVVA, so that ICDVVA can meet its obligations under the Federal VOCA and FVPSA requirements.
- **Submit Quarterly Financial Reports.** All subgrantees are required to submit quarterly financial reports to ICDVVA.

B. AWARD INFORMATION

New Applicants: VOCA, FVPSA, and DV Account grant awards will be awarded to subrecipients in 3-year cycles. Funding is dependent upon allocation by the Idaho Legislature. Federal funding amounts are determined by the federal funder and may vary annually.

Current ICDVVA Subrecipients: Subrecipients currently awarded FY21 funding must submit a continuation application in order to be eligible for FY22 funding. ICDVVA reserves the right to discontinue funding if a subrecipient is not in good standing.

C. ELIGIBILITY INFORMATION

1. Eligible Applicants

This funding announcement is open to both new applicants and existing VOCA, FVPSA, and DV Account subrecipients. Eligible applicants must be programs operated by a public, tribal, or nonprofit organization, or a combination of such organizations, and provide direct services to crime victims. Applicants must meet all of the following requirements:

- a. Type of organization:
 - i. Victim service organization whose principal mission is to provide services to crime victims; or
 - ii. A public or nonprofit organization that has a component whose principal mission is to provide services to crime victims. These organizations are eligible if the funds are used to expand or enhance the delivery of crime victim services.

A “component” is defined as follows: a specific program within the organizational framework of an agency, whose principal purpose is to provide direct services to victims of crime. The program is under the administrative structure of an established organization and the program’s goals and objectives reflect how it expands or enhances services to victims of crime.
- b. Have a record of providing direct services to crime victims in a cost-effective manner.
- c. Use volunteers, unless they can provide a compelling reason for a waiver and have a waiver granted by ICDVVA.
- d. Offer services to victims free of charge.
- e. Assist victims in applying for victims’ compensation.
- f. Must be able to demonstrate collaboration within the community.
- h. Current subrecipients must be in good standing with ICDVVA in order to be eligible for these funds.

- i. New applicants are required to demonstrate that they have a record of providing effective direct services to crime victims and have other sources of financial support. If you are a new entity that does not have a history of providing services to crime victims you must be able to demonstrate substantial support from other sources, as defined by the federal guidelines. Please note: This is not the same as the 20% cash or in-kind match.
- k. All applicants must comply with federal civil rights law, which prohibits discrimination on the basis of disability and national origin. This includes taking reasonable steps to ensure that persons with limited English proficiency have meaningful access to the programs and activities.
- l. A religiously affiliated organization must ensure that services are offered to all crime victims without regard to religious affiliation and that the receipt of services is not contingent upon participation in a religious activity or event.
- m. Provide services to victims of federal crimes on the same basis as victims of state crimes.
- n. Maintain confidentiality of clients as outlined in federal statutes.

2. Match Requirements

Match is required for all three funding sources.* For VOCA and FVPSA, an 80/20 match is required, and DV Account subawards require a 25% match. Match may be cash or in-kind. Refer to the [Grant Administration Manual](#) for additional details regarding match calculations.

3. Volunteer Requirements

Subgrantees are required to use volunteers,* unless compelling reasons exist to waive this requirement. The program must submit the request for a waiver in writing. This request must have written approval from ICDVVA.

* Exception: Victim services provided by federally recognized tribes or on tribal reservations do not have to meet these requirements.

2. INTRODUCTION

This section introduces your organization/program and the project(s) for which you are requesting funds. Make sure to include the appropriate information for each of the prompts.

- A. **Program Mission Statement:** Include a copy of your program’s mission statement. Mission statements are typically 250 words or less.
- B. **Annual Planning:** Your annual plan is a brief summary of your organization’s annual planning process and/or strategies to meet the needs of victims in your community. Your summary should indicate the efforts planned that are expected to result in high quality outcomes. This is NOT a strategic plan. (This question is omitted for current grant recipients.)
- C. **Purpose of Request:** Provide a description of the project(s) for which you are requesting funding. This description should be specific and concise. This is NOT a place to reiterate your program’s mission or purpose, but rather should focus exclusively on the reason for your funding request. You do not have to include the goals of the project in this section, as goals are addressed in the next item. **If you are requesting funding from more than one funding source, a project purpose should be included for each funding source.** This statement should be approximately 250–500 words. Organizations implementing more than one project and/or requesting funds from more than one funding stream are still expected to stay within the suggested word count.
- D. **Current Goals/Objectives:** State the specific goals that the proposed project will accomplish. You should aim to provide 2–3 goals per project/funding source. For each goal include the following information:
 1. Identify the goal. For example: Provide clients with mental health services

 - Objective 2: By October 31, 2021, contracts between our agency and the mental health providers will be developed and fully executed to begin providing services to clients.
 - Objective 3: By June 30, 2022, our agency will increase the number of clients needing mental health services by 25%, as measured by client intake forms.

E. **Goals/Objectives Progress:** If you received funding from the Council in the FY21 grant year (July 1, 2020- June 30, 2021), provide that year’s goals/objectives and indicate:

1. Activities engaged in for each goal, and
2. Progress made for each goal.

If you did not receive funding from ICDVVA last year, this question will not appear on your application.

- B. **Total Number of Victims Served:** Enter the number of individual victims served in SFY 2020 (July 1, 2019–June 30, 2020). This is NOT the number of contacts, or the number of services provided, but rather the number of individual victims that were served.
